

## Modified Engine Rebuilders & IMachinery Group Are Pleased to Announce A Partnership

*Companies Plan to Expand Presence In Heavy Truck Parts & Engines Market*

Fort Lauderdale, FL, November 27<sup>th</sup>, 2013. Modified Engine Rebuilders of South Florida is pleased to announce a new business partnership with IMachinery Group. This partnership will significantly expand both companies' presence in the "Heavy Truck Parts and Engines" market. The economies of scale that the partnered companies can achieve will lower costs with savings that can be passed on to the end customers. The arrangement will also help the companies to meet the high demand for Used and Rebuilt engines faster and more efficiently.

The partnership was executed on November 25<sup>th</sup>, 2013 by Modified CEO, Joseph D'Aleo, and IMachinery Group CEO, Pavel Sidorov. Both companies are extremely excited about the partnership and are looking forward to a great 2014 together.
